Erasmus+ Programme
of the European Union

Workshop on Laser Technology, Laser Safety and Laser Spectroscopy

May 14-15, 2019 | Aula Rogers, Politecnico di Milano

The goal of the workshop is to raise the awareness of the participants to the importance of laser technology, laser safety and laser spectroscopy. The workshop will also be devoted to soft skills development, teaching techniques and evaluation tips.

Topics to be Presented

1. Pulsed Laser Systems
2. Laser Safety
3. Raman Spectroscopy
4. Time Resolved Spectroscopy
5. XUV Ultrafast Spectroscopy
6. Scientific Writing & Lab Management Skills
7. Poster Session, Lab Tours & Other.....
